EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Fix on 5/5/2004.

The application has been amended as follows:

Claim 2, line 2 delete "a part at least" and insert "at least a part".

Claim 3, line 1 delete "any of the" and insert "any one of the".

Claim 4 cancel.

Claim 17 cancel.

Claim 20 cancel.

Examiner's Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

In the amendment filed on 3/1/2004 the claims contain language of "consisting essentially of", which excludes presence of any reactive components that would chemically change the composition. All the prior art of record as well as the disclosure found during updated search teach use of transesterification catalyst when reacting silanol with phenolic resin or condensation catalyst for the silanol. Catalysts taught by the prior art of record are therefore excluded from the scope of the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Katarzyna Wyrozebski whose telephone number is (571) 272-1127. The examiner can normally be reached on Mon-Thurs 6:30 AM-4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
